

# What's your half?

Ireland has pledged to reduce its food waste by 50% by 2030.

Do you know how much food you waste?  
Do you think there is something you could do to reduce it?

Join us at the 2017 Food Waste Forum and let's see we can do to reduce food waste in Ireland.

**FORUM** ON  
**FOOD**  
**WASTE**  
2017

9TH MARCH 2017

10:00 - 17:00

RADISSON BLU ROYAL HOTEL,  
8 GOLDEN LN, DUBLIN.

9TH MARCH 2017  
10:00 - 17:00  
RADISSON BLU ROYAL HOTEL,  
8 GOLDEN LN, DUBLIN.

## Join the gathering momentum to tackle food waste in Ireland.

Prompted by case studies and interactive discussion panels, this event will bring together key actors across the food chain to discuss the issues and challenges in relation to food loss and waste in Ireland.

<b>FORUM AGENDA</b>		Moderated by Phillip Boucher Hayes
9:30	Registration and Arrival Tea/Coffee	
<b>Session 1:</b>	<b>Perspectives on Food Waste</b>	
10:00 - 13:00	Viewpoints on wasted food from the Minister for Communication, Climate Action and Environment The European Court Auditors and other national and international stakeholders, followed by panel discussion.	
13:00 - 14:00	Lunch	
<b>Session 2:</b>	<b>Telling the Story - Benchmarking and Measuring Food Waste</b>	
14:00 - 15:00	Presentations and discussion on gathering data and robust measurement on food waste at organisation and national levels.	
<b>Session 3:</b>	<b>Responding to the Food Waste Challenge - Case Studies</b>	
15:00 - 16:00	Case studies and good practice examples, followed by a moderated discussion panel on food waste from the production, supply and consumer phase.	

### The Future for Food Waste in Ireland...

Due to its unique relationship with food production and food appreciation, Ireland has the potential to be a world leader in tackling food waste by creating new and innovative solutions to reduce food waste. Ireland is already making significant strides in this area and has many experiences and good practice examples to showcase. By building on this, getting more people involved and focusing our efforts, we can maximise the impact and achieve 50% food waste reduction by 2030.
